ABOUT ME

Passionate Full Stack Web Developer with expertise in building modern, interactive, and responsive web applications. Proficient in front-end technologies such as HTML, CSS, JavaScript, React.js, Vue.js, and jQuery, combined with back-end development experience using Node.js, PHP, Laravel, and Python. Skilled in working with MySQL and MongoDB databases, implementing RESTful APIs, and leveraging version control tools like Git and GitHub. Strong problem-solving abilities and a keen eye for UI/UX design trends, delivering efficient and scalable digital solutions.
